DERBY'S IMPAIRED VISUAL SOCIETY

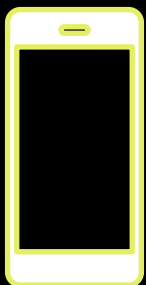

This group aims to bring together Derby's visually impaired residents who are looking for like minded people to regain a slice of life back again!

We understand the challenges VIP's have to endure on a day to day basis and by coming together we hope to share life hacks and experiences.

We work closely with RNIB and the local council to offer advice and support to those in need.

We meet on the 1st and 3rd THURSDAYS of the month around Derby, with occasional trips further afield.

We look forward to welcoming you!
