Community Hub

For families

Our new Community Hub is now open and welcomes families across Derby. We offer a warm and safe place where you will be able to access a wide range of services and support for your whole family. This includes a breakfast and a homework club for children.

Our community team and partner organisations will deliver a daily timetable of workshops covering:

- Financial and debt advice
- Support for domestic abuse
- Mental health services, and if needed referral to specialist support
- Health and wellbeing, including healthy eating and nutritional advice
- General advice and support for parents

The Hub has a community café, launderette, and community kitchens where you can prepare and cook your own meals. Our community pantry will offer food and other vital household items at affordable prices.

We invite you to drop in to have a look around, or please call us to find out more.
