National Energy Action	OFGEM	Nottingham Energy Partnership
Centre for Sustainable Technology	GOV.UK	Clean Energy Campaign

Financial support for whole house improvements

Eligibility criteria applies to some funding streams – residents will need to check if they are eligible. Tenants in private rented properties will need their landlord's permission and the landlord may need to contribute towards the cost of measures.

Warm Homes: Local Grant

This is a government funded scheme that is being delivered by local authorities. Derby has been given a funding allocation, and eligible households will be contacted directly by the Council's managing agents, YES Energy Solutions.

Great British Insulation Scheme (GBIS)

This scheme will close on 31 March 2026. The government application portal has already been closed. Residents should contact their energy supplier directly.

Boiler Upgrade Scheme (BUS)

Scheme to introduce Heat Pumps and Biomass boilers particularly in off gas grid properties.

The scheme has recently been expanded to include air-to-air heat pumps (air conditioning). Residents can get a grant of £2.5k towards the cost of installation.

[Apply for the Boiler Upgrade Scheme: Overview - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/schemes/boiler-upgrade-scheme)

ECO 4

This scheme will close on 31 March 2026.

Energy Saving Improvements such as insulation, boiler repair/replacement etc. Residents can approach their energy company directly. Further guidance and advice is available from OFGEM.

[Energy Company Obligation \(ECO\) - Homeowners and tenants | Ofgem](https://www.ofgem.gov.uk/energy-company-obligation-eco-homeowners-and-tenants)

We work with YES Energy Solutions to support people through the ECO4 scheme. Further information is on YES' website [Derby ECO Scheme | YES Energy Solutions.](https://www.yesenergysolutions.co.uk/derby-eco-scheme)

Connected for Warmth Scheme

Connected for Warmth is a grant scheme offering free air-source heat pumps and energy bill support to eligible households. connectedforwarmth.org.uk/air-source-heat-pump-grant

Financial support for energy debt and crisis

Top-up vouchers for those on pre-payment meters can be accessed via:

- Groundwork Green Doctor - Call 01159788212 or email greendoctor@groundworknottingham.org.uk
- Marches Energy Agency - Call 0800 677 1332 or email wdd@mea.org.uk
- National Energy Foundation - Call 01908 665555 or email info@nef.org.uk
- National Energy Action - nea.org.uk/get-help/wash-advice/wash-referral/

Those on standard billing who are in debt can get financial support from some energy suppliers:

- [British Gas Energy Trust](#) (for anyone – don't have to be a customer)
- [E.ON Next Energy Fund](#) (for customers)
- [EDF Customer support fund](#) (for customers)
- [Octopus Assist](#) (for customers)
- [Scottish Power Hardship fund](#) (for customers)
- [Ovo customer support package](#) (for customers)

All energy suppliers have advice and support but not all have hardship funds and some funds have eligibility criteria.

Other energy debt information, advice and support:

- [Step Change](#)
- [Citizens Advice](#)
- [Ofgem](#)
- [National Debtline](#)
- [Money Saving Expert](#)
- [National Energy Action](#)

Priority Service Register

All Energy suppliers, network operators and water companies keep a [Priority Services Register](#) of vulnerable customers who will get extra help when there is a power cut or in case their water supply suddenly stops. Derby City Council is an approved referrer.

In Derby the energy networks are:

Electricity – National Grid - [National Grid - Priority services](#)

Gas – Cadent Gas - [Priority Services Register \(PSR\) | Cadent \(cadentgas.com\)](#)

Ofgem Price Cap

The latest information on the price cap can be found on the [Ofgem website](#).
