Discover Your Future - Build Confidence - Have Fun!

**Why not join our club,
it is full of fun.**

Here is what we do:

-  Team games
-  Creative activities
-  Skill building
-  Team challenges
-  Confidence boosting

The
**Forward
Vision
Club**

Engaging
youth club for
young people

Our Mission

Forward Vision Club helps young people discover their strength, building confidence and develop a positive vision for their future.

Our Approach

Many of these activities are designed so that young people “learn by stealth,” developing communication, leadership and problem-solving skills.

This approach helps young people build confidence naturally, without the pressure of formal learning settings.

For Parents

The forward Vision Club is a safe and encouraging environment where children can develop:

- **Confidence** • **Teamwork**
- **Communication skills** • **Leadership skills**

All staff & volunteers are enhanced DBS checked.
